## PROTECTED PAPER

### APPLICATIONS:

Our "Certificate" Security Paper is great for printing documents with a clean, secure and prestigious appearance. Ideal for stock/bond certificates and certificates of authentication, etc.

### SECURITY:

PANTOGRAPH 4000 - copies, scans and faxes of an original reveal a hidden "COPY" pattern

SECURITY INK - light red heat-reactive "PROTECTED" logo on each certificate will temporarily disappear when rubbed

SECURITY PAPER - paper stock with watermark, chemical sensitivity, fluorescent fibers

FINE LINE ARTWORK - computer generated high detail border design

### SPECIFICATIONS:

- 24# watermark paper stock
- laser and inkjet compatible
- 8.5" x 11" sheet size
- approx 9" x 7" printable area inside border
